

My Shoes

Syleena Johnson

I used so proud to be a woman
These days have been so different
And I wonder if you know
I am not happy no more
I used to love yourself
You don't know how I feel

[Chorus:]

What would you do if the shoe was only in a foot babe
What if it's me that walks all over you
What if it's me that raise my hands on you
Could you wear my shoes?
Went to my mother house crying
Trying to stop my daddy from killing you
Would you be confused
Would you feel like a fool
Could you still believe I am still in love with you
Could you wear my shoes

I used to be so happy smiling all the time
Believe my smile has been ah upside down
And you used to be so good to me all the time
But suddenly you flipped the script and I am steady crying all
the time

[Chorus]

What if it's you that has to try
What if it's me that makes you cry
What if it's you that was your smile
Could you wear my shoes and walk a mile
You've been the one to walk away
[?] love is there to stay
Could you be the one to know
It's time for me to go

[Chorus]

I think it's time to buy some new shoes
Could you wear my shoes?
