

# Numb

Sylvan Esso

Oh, baby, baby  
Wanna give you a chance  
Let me show you a brand new dance  
Not for everybody-it's a way to romance  
Just watch me do it  
Yeah, I call it

Shaking out the numb  
Let me feel something  
Shaking out the numb  
Shaking out the numb

Gimme hot water  
Gimme freezing air  
Gimme the gossip  
And a reason to care

Shaking out the numb  
Shaking out the numb

Not as easy as the ABC's  
Gotta move your body like a kid you see  
Only pay attention to you and me  
Forget about the breaking and the heat

Shaking out the numb  
Let me feel something  
Shaking out the numb  
Shaking out the numb

Shaking out the numb  
Let me feel something  
Shaking out the numb  
Shaking out the numb

Shake

Pins and pins and needles then  
Out there moving with your friends  
Shaking to remember  
Shaking to pretend  
Shaking to believe it  
Shaking to forget

Shaking for the forest  
Shaking for the sea  
Shaking for your mother and father  
Disease  
Shaking for the faking  
Shaking for babies  
Shaking for the shaking  
Shaking set you free

Shake

Shaking out the numb  
Let me feel something

Shaking out the numb  
Shaking out the numb

Shaking out the numb  
Let me feel something  
Shaking out the numb  
Shaking out the numb

Shaking out the numb  
Let me feel something  
Shaking out the numb  
Shaking out the numb
