

Black & Blue

T.Love

One and two, two, two
One and two, two, two
One and two, two, two
One and two, two, two

Black is black
Cool is blue
Violet so cute
And pinky too
Sex is red
Green is free
Your love so empty
Know what I mean

One and two, two, two
One and two, two, two
One and two, two, two
One and two, two, two

I've got my home
I've got my wife
I've got my suitcase
I've got my phone

I've got my devils
I've got my band
I've got my gods
This is the end

One and two, two, two
One and two, two, two
One and two, two, two
One and two, two, two

Listen to me
Black and blue
Listen to me
Listen to you

Black is black
Cool is blue
Violet so cute
Pinky too
The red is green
Green is free
Your love so empty
Know what I mean

One and two, two, two
One and two, two, two
One and two, two, two
One, two, three, four

Listen to me
Black and blue
Listen to me
Listen to you

Listen to me
Black and blue
Listen to me
Listen to you

Black and blue, blue, blue
Black and blue, blue, blue
Black and blue, blue, blue
Black and blue, blue, blue
