

Family of Love

Take 6

One heart, one mind
Family of love, family of god
One perfect love divine

Family of love, family of god

You can come as you are
All of heaven applauds
Only one type of blood
Family of love, family of god

No favorite color
Family of love, family of god
Only sisters and brothers
Family of love, family of god

You can come as you are
All of heaven applauds
Only one type of blood
Family of love, family of god

Such a colorful tapestry
No thread is the same
But we're woven in harmony
Under his name

You can come as you are
All of heaven applauds
Only one type of blood
Family of love, family of god

Only one type of blood
Family of love, family of god

Family family
