

Get Me Started

Takida

Don't get me wrong, trust in me, you are someone
It's in your destiny
Come please take my hand and lose control
We will land somehow, in our privacy

Now here's a lie, I love you, I want to live
And I'm going to heaven too
But I want you, kill time with me, forget the lonely nights

Get me started in our time, your visions will rise
Get me started, it's alright, your problems will die

The night is blind, come on cruise with me
Now take a zip, just don't let it be
We'll smell the air and breathe it in, it's not a sin to live

No, the hollow sound
Go, don't turn around for more
People will let you down
And so, I know your soul will hurt

We're so high, enjoy the ride
Are you ready to fall?
Come inside, hold me tonight
I'm ready to fall
