

Great Romances of the 20th Century

Taking Back Sunday

A beautiful girl can make you dizzy
Like you've been drinking jack and coke all morning
She can make u feel high
Full a single greatest commodity known to man
Promise promise of a better day
Promise of a greater hope
Promise of a new tomorrow
This particular aura can be found in the gait of a beautiful girl
In her smile & in her soul & the way she makes every rotten little thing about life seem like its gonna be ok...

September never stays this cold
where I come from
And you know
I'm not one for complaining,
But I love the way you'd roll
excuses off the tip of your tongue
as I slowly fall apart (slowly, quietly, slowly)
fall apart

This won't mean a thing come tomorrow
and that's exactly how I'll make it seem
Cause I'm still not sleeping,
thinking I've crawled home from worse than this

So please, please (please)
I'm running out of sympathy (I'm running out of sympathy!)
and I never said I'd take this
I never said I'd take this lying down

She says
"come on, come on, let's just get this over with"
She says
"come on, come on, let's just get this over with"
(I never said I'd take this lying down, let's just get this over with,
and I've crawled home from worse than this)
She says
"come on, come on, let's just get this over with"
She says
"come on, come on.."

You always come close but this never comes easy,
I still know everything
You always come close but you never come easy,
I still know everything
This always comes close but you never come easy,
I still know everything
You always come so close...
I still know everything, I still know everything, I still know...

You always come close but this never comes easy
You always come close but you never come easy
You're coming in... you're coming close

I never said I'd take this lying down
I never said I'd take this lying down
I never said I'd take this lying down

but I've crawled home from worse than this

If it's not keeping you up nights
then what's the point
then what's the point
then what's the point
then what's the point

I'm in your room
now is this turning you on
am I turning you on?

I'm in your room
are you turned on?

I'm on the corner of your bed,
I'm thinking maybe,
are you turned on,
are you turned on?
