

Happiness Is Easy

Talk Talk

Makes you feel much older
Sublime the blind parade
It wrecks me how they justify their acts of war
They assemble, they pray
Take good care of what the priests say
'After death it's so much fun'
Little sheep don't let your feet stray

Happiness is easy
Joy be written on the earth
And the sky above
Jesus star that shines so bright
Gather us in love

Guilt upon their shoulders
How well the cause evades
Infecting your religions, claiming pacts
It's easy to shoulder the blame

Happiness is easy

Try to teach my children
To recognise excuse before it acts
From love & conviction to pray

Happiness is easy
