

# She Did That

Tamar Braxton

Put me behind the glass  
Call it me TV, when you see me with my bag  
Yeah her name Selene  
Oh you looking at my rock, that's my bitch, Tiffany  
Throw my hands up in the sky  
I'm just cooling, don't shoot me  
That's just me  
That's just me  
Spend it up and then repeat  
That's just me  
That's just me

Oh

She did that  
She did that  
She did that  
Yeah did it, turn up  
She did that  
She did that  
She did that  
Yeah did it, turn up  
She did that, did that  
Yeah did it, turn up  
She did that  
She did that  
She did that  
Yeah did it, turn up
