

My Baby Said Yes

Tampa Red

I'm fallin' in love again
Grey skies are all blue again
My baby said yes instead of maybe

My friends are all glad again
To see me so gay again
I can put that sunshine in my smile again

I would cross the Great Divide
Just to see her smile
And hear that same old story
Every once in a while

I'm fallin' in love again
And hear my plan again
My baby said yes instead of maybe
Play that thing

I'm fallin' in love again
Grey skies are all blue again
My baby said yes instead of maybe

My friends are all glad again
To see me so gay again
I can put that sunshine in my smile again

I would cross the great divide
Just to see her smile
And hear that same old story
Every once in a little while

I'm fallin' in love again
And hear my plan again
My baby said yes instead of maybe
