

## Where Do We Go from Here?

Tantric

I said, hey little girl, that look in your eye  
You never did cry, you never did shed a tear  
How does it feel that I'm not there  
To be the one to take the blame  
For your complaints, but I refrain from it  
And how does it feel that I'm not there

'Cause I've been hoping  
Constantly coping  
Relieving by doping myself  
And we've been trying  
We are denying  
Let's just stop lying to ourselves

So where do we go from here  
The future isn't clear  
I keep on looking  
Not just hoping something will appear  
So where do we go from here  
Just take the wheel and steer  
I keep on looking  
Not just hoping something will appear  
So where do we go from here

Said years gone by, been by your side  
I made you laugh, I'm sorry that I made you cry  
But I wouldn't change it for anything  
Now we've come to a fork in the road  
But I don't know which way to go, what now  
I'm looking for a sign to show me out

'Cause I've been hoping  
Constantly coping  
Relieving by doping myself  
And we've been trying  
We are denying  
Let's just stop lying to ourselves

So where do we go from here  
The future isn't clear  
I keep on looking  
Not just hoping something will appear  
So where do we go from here  
Just take the wheel and steer  
I keep on looking  
Not just hoping something will appear  
So where do we go from here

So where do we go from here  
The future isn't clear  
I keep on looking  
Not just thinking that something will appear

So where do we go from here  
The future isn't clear  
I keep on looking  
Not just hoping something will appear

So where do we go from here  
Just take the wheel and steer  
I keep on looking  
Not just hoping something will appear  
So where do we go from...
