

# Changes

Tanya Tucker

Neither one of us will ever change  
We're both the same and that's a shame  
'Cause when we were together it was right  
We had it all, you and I

You're not changin' me and I'm not changin' you  
The only change is what we're goin' through  
You took the part of me that I was proudest of  
Now you're sayin' that's the part that you can't love

Changes, I'm gonna have to make some changes  
Now that I know what your game is  
I know that I would only lose, no matter what I do  
And the first change that I'll make is gonna be you

If lovin' what you had ain't what you want  
What do you need? You don't need me  
You said I was the answer to your prayers  
It don't seem fair, we both still care

Changes, I'm gonna have to make some changes  
Now that I know what your game is  
I know that I would only lose, no matter what I do  
So the first change that I'll make is gonna be you

Oh, changes, I'm gonna have to make some changes  
Now that I know what your game is  
I know that I would only lose, oh  
can't you see we're through?

(Changes)

Oh, somehow I'll get over you

(Changes)

Somehow, oh, changes  
hard for a young girl to cope
