

# Should I Do It

Tanya Tucker

I swore when he hurt me so  
I wouldn't see him anymore  
But today he called my name  
Ooh, I could feel the same old flame

Should I do it  
Should I fall  
Should I do it  
After all  
Is it crazy, is it right  
I really wanna love him tonight

Should I do it  
Should I play  
Can I help it anyway  
When I feel him hold me tight  
I'm gonna turn on like a light

I know when we're in his car  
I couldn't go just so far  
I wanna give him everything  
So, when I hear the telephone ring, yeah

Should I do it  
Should I fall  
Should I do it  
After all  
Is it crazy, is it right  
I really wanna love him tonight

Should I do it  
Should I play  
Can I help it anyway  
When I feel him hold me tight  
I'm gonna turn on like a light

Oh, I'm so lonely and he's so fine  
Maybe I should swallow my pride  
Just one, one, one more time, yeah

Baby, I've got to know  
Should I do it  
Should I fall  
Should I do it  
After all  
Is it crazy, is it right  
I really wanna love him tonight

Should I do it  
Should I play  
Can I help it anyway  
When I feel him hold me tight  
I'm gonna turn on like a light  
Should I do it  
Should I do it  
Should I do it  
Should I do it

Should I do it....
