

# You Know Just What I'd Do

Tanya Tucker

If we lost all we had  
Would I walk your rocky road or take a different path  
Would I sell my pride for you  
If you ask me to walk the streets  
You know just what I'd do

Would your child have a home  
If it should be born of love other than our own  
Would I still stand by you  
Knowing you've loved someone else  
You know just what I'd do

If my love for you meant giving up my life  
Would I lay it down for you  
And if you were blind would I give you my sight  
You know exactly what I'd do if you ask me to

Would I live with the scar that you carry in your heart  
From another woman's war  
Would I lend you wounds for you  
If I knew you needed me  
You know just what I'd do
