

# In the Midnight Hour

James Taylor

I'm gonna wait 'till the midnight hour  
That's when my love comes tumblin' down  
I'm gonna wait until the midnight hour  
When there ain't no one else around

I'm gonna take you girl and hold you  
And do all the things I told you  
In the midnight hour, oh yeah

I'm gonna wait 'till the stars come out  
To see that twinkle in your eyes  
I'm gonna wait 'till the midnight hour  
That's when my love begins to shine

'Cause you're the only girl I know  
The only one, that really, really loves me so  
In the midnight hour, 'round about midnight baby

Oh I'm gonna wait 'till the midnight hour  
That's when my love comes tumblin' down  
I'm gonna wait until the midnight hour  
There ain't no one else around

Just you and me baby  
Yeah, in the midnight hour  
(midnight hour)  
I plan to wait, oh with ya baby  
In the midnight hour, in the midnight hour  
Come on wait with me baby  
Oh, come on now, come on wait  
'Till the midnight hour  
Come on wait, come on now, oh with me baby  
Come on wait 'till the midnight hour  
Oh say that you will  
Come on wait 'till the midnight hour  
Come on wait 'till the midnight hour  
Oh, yeah, yeah,  
I said, the midnight hour
