## We Are Never Ever Getting Back Together

## **Taylor Swift**

I remember when we broke up, the first time saying this is it I've had enough, because like we hadn't seen each other in a month when you said you needed space...what?

Then you come around again and say baby I miss you and I swear I'm gonna change Trust me Remember how that lasted for a day? I say I hate you, we break up, you call me, I love you You called it off again last night but this time I'm telling you, I'm telling you,

We are never ever ever getting back together
We are never ever ever getting back together
You go talk to your friends talk to my friends talk to me
but we are never ever ever getting back together.
Like…ever

I'm really gonna miss you picking fights and me falling for it, screaming that I'm right and you hide away and find your piece of mind with some indie record that's much cooler than mine You called me up again tonight But this time, I'm telling you, I'm telling you

We are never ever ever getting back together We are never ever ever getting back together You go talk to your friends talk to my friends talk to me but we are never ever ever getting back together.

I used to think that we were forever, ever and I used to say never say never so he calls me and he's like "I still love you."

And I'm just like "This is exhausting...

We are never getting back together.

Like ever."

No!

We are never ever ever getting back together
We are never ever ever getting back together
You go talk to your friends, talk to my friends, talk to me
But we are never ever ever getting back together

We are not getting back together, We oh, not getting back together

You go talk to your friends, talk to my friends, talk to me (talk to me) But we are never ever ever ever getting back together
