

june, you're gonna have to make a choice
he's gone you know
everything about him that you love disappeared with the beast
learn how to slow it down
i can see how this is killing you
and your audience can't breathe they don't talk no-
one talks, they're all paralyzed
and i refuse to participate
i'd rather go home and sleep
i'd rather turn the lights off, fall asleep fall asleep fall as
leep
june you're gonna have to slow it down
he went away
everyone around saw his eyes heard his voice from the beast
learn how to slow it down
i can see how this is killing you
and your audience can't breathe they don't talk no-
one talks, they're all paralyzed
i refuse to participate
i refuse to co-operate
i'd rather turn the lights off, fall asleep fall asleep fall as
leep
i refuse to participate
i'd rather go home and sleep
i'd rather go home and sleep
