

The Future In Your Eyes

Team Me

Same old, stuck in the same old pattern
With you
Hold on, we're not getting younger
So tell me what you wanna do

I can see the future in your eyes
So you don't have to keep them telling lies
I can see my future in your eyes now
I can see the end of you and me

Same old, stuck in the same old pattern
With you
Hold on, nothing's forever
I promise you

Wrong side, you're on the wrong side
How could you do what you did
And then just disappear
And then just disappear

I can see the future in your eyes
So you don't have to keep them telling lies
I can see the future in your eyes now
I can see the end of you and me
