

Bloodletting Go

Tears For Fears

Life, mama says
Is bloodletting go
If I care for nothing
Sun don't shine and the grass don't grow
Bloodletting go

Society dictates
by rules and regulations
But when things are so tired
You see things in the wrong light
Soon there will be no light
If the sun don't shine

Life, mama says
Is bloodletting go
If I care for nothing
Sun don't shine and the grass don't grow
Bloodletting go

If by chance we both forget
The passage of space and time between
Pick up the pieces cold and wet
And drive them before the light to clean
Good times, bad times
Pain will come and pain will go
If I care for nothing
Sun don't shine

And if by chance we both forget
The passage of space and time between
Pick up the pieces cold and wet
And drive them before the light to clean
Good times, bad times
Pain will come and pain will go
If I care for nothing
Sun don't shine and the grass don't grow
Bloodletting go
