Famous Last Words

Tears For Fears

After the wash Before the fire I will decay Melt in your arms As the day hits the night We will sit by candlelight We will laugh We will sing When the saints go marching in A for a heart B for a brain Insects and grass Are all that remain When the light from above Burns a hole straight through our love We will laugh We will sing When the saints go marching in And we will carry war no more All our love and all our of pain Will be but a tune The Sun and the Moon The wind and the rain Hand in hand we'll do and die Listening to the band that made us cry We'll have nothing to lose We'll have nothing to gain

Just to stay this real life situation For one last refrain

As the day hits the night We will sit by candlelight We will laugh We will sing When the saints go marching in And we will carry war no more
