Tech N9ne

I be buussin', parents be fussin and cussin'
Cause all I talk about is silicon and muffins
So if you didn't come to hear some strip club hits
Then get the hell on cause I'm getting' my mail on I'm hustlin'

I'm talkin' about foes I'm talkin' about fans and kitties
I'm talkin' about ho's and I'm talking about Kansas City
That's where I dwell wit wit, my, my villas and I, I, I will
Pop hot rocks 4 real venomous

When it gets hot, the Tech's straight killin' hataz
When it gets rock, the sex rates 10 I made her sit on this jock
Spits quick game inovator chick generator quick trip James Lemonader

This is the beginning of blingin' and houses
And women welcoming angels and demons on couches
And sinnin' I'm alive and well
The demise will bring ghost stories when I rise
In hell them alive will still vote 4 me

Watch out cause here comes Tecca nina
Roll out cause here comes Tecca nina
Drop down cause here comes Tecca nina
