

Heads Will Roll

Ted Nugent

Heads will roll
If you don't get out of my sight
Heads will roll
If you don't get out of my sight
You better believe it
You better believe tonight's the night

Heads will roll
Whipping out my chopping block
Heads will roll
Whipping out my chopping block
You better believe it
All I wanna do is rock, rock, rock

Heads will roll
Heads will roll
Heads will roll
Heads will roll
You better believe it
You better believe that heads will roll
Roll, roll...
