

# Little Miss Dangerous

Ted Nugent

She makes her move at midnight  
she's got the magic touch  
The little girl is dangerous  
and just a bit too much

In the midnight hour  
about the stroke of twelve  
She'll be steppin' out  
she's gonna raise some Hell  
And it's her move  
she's holding that wild card  
Gotta make her move  
she'll make your life so hard  
High hell sneakers  
head to toe in lace  
Such a dangerous body  
with a little girl's face

R: Little Miss Dangerous  
Little Miss Dangerous to me  
She's my Little Miss Dangerous  
Little Miss Dangerous to me  
oh yes she is

Looking for trouble, looking for sex  
Walking on the wild side, she's so complex  
She's on fire, the heat is coming on  
The girl's on fire, she burns all night long  
High hell sneakers  
head to toe in lace  
Such a dangerous body  
with a little girl's face
