Need You Bad

Ted Nugent

Musta been the way that you touched me Coulda been the way that you looked Musta been the way that you loved me Coulda been the way that you shook

But I need you, need you bad yes I need you, need you bad I'm in pain when your not around me
I'm in pain when I'm not around you and I need you, need you bad

Musta been a true desperation Couldn't put a feeling aside Maybe I was just getting horny It's a feelin that I just cant hide
