

Thighraceous

Ted Nugent

I ain't talkin' about diamond rings
I'm just talkin' 'bout the simple things
I don't care about the time of day
I don't care what the people say
She's my baby I don't mean maybe
I better get goin' 'fore she runs away

She's my baby
She's so thighraceous
She's my girl

Can't ya see her dancin' in the street
Uptown to the sexy beat
The little girl ain't no friend o' mine
She's the hurtin' kind
She's my lady
Don't mean maybe
Get her while she's hot
You know you're drivin' me crazy

Stepped into a crossfire
On the wrong side of the street
The little girl is dangerous
But that's alright now
She's so thighraceous
She's my girl
She's so thighraceous
She's my baby
