

# Hold Me Down

Tedashii

Ayy, we broke the frame on it  
They goin' wild, take a pic and put the frame on it (Yeah, yeah)  
Switchin' sides, I can't oblige, man  
How we hit the bottom but he at the top, God's plan, testify  
I do this for my family on the island and in Texas  
They got my back like chiropract', folks at my neck, no necklace  
I told 'em I ain't goin' back like you turn sessions wreckless  
They play with fire over cake, yeah, they must have a death wish  
Shout out everyone that kept me held down  
Went and crucified my name just to keep me nailed down, yeah  
Scrapin' up a lil' money for my bail now  
Showin' up every time that I need a bailout, yeah

Ayy, so if they hatin', they can get from 'round me  
I keep it wavy when they try to drown me  
Try to love my enemies, use they energy  
Givin' me and focus on his P's, yeah, yeah  
I got some people that's gon' (Hold me down)  
Yeah, all my believers gon' (Hold me down)  
Yeah, so I ain't worried 'bout nothin'  
I ain't frontin' when they stuntin', all my people gon' (Hold me down)  
Yeah, yeah  
Someone to hold you down, stick to your side, yeah  
Yeah, yeah  
Someone to hold you down

Wait, wait, young oops, you don't want no problem  
I need space like a rocket, motorbiking, Kawasaki, uh  
Yeah, the squad is solid, tried to check me, ballot boxing  
We the proof, no receipt but I ain't mad at all these commas, yeah, uh  
Yeah, they make it hard to smile  
Do it for my cousin locked up, waitin' for his trial  
Do it for the ones that can't get to it 'cause of trials  
For my people still unequal but they do it for they child  
Hold it down for me, hold it down for me  
With that noise, get from 'round from me, get from 'round from me  
If they know me then they down for me, then they down for me  
Thankful for the ones that ride for me, that'll ride for me  
Hold it down, yeah

Ayy, so if they hatin', they can get from 'round me (Don't move)  
I keep it wavy when they try to drown me (Keep it wavy)  
Try to love my enemies, use they energy  
Givin' me and focus on his P's, yeah, yeah  
I got some people that's gon' (Hold me down)  
Yeah, all my believers gon' (Hold me down)  
Yeah, so I ain't worried 'bout nothin'  
I ain't frontin' when they stuntin', all my people gon' (Hold me down)  
Yeah, yeah  
Someone to hold you down, stick to your side, yeah  
Yeah, yeah  
Someone to hold you down

I told Him please to take care for me  
I know His peace gon' be there for me  
I can see it showin' on me  
I can see it worth, aw yeah

They want my downfall, watch out for me  
Fake friends, they lie but then smile for me  
I don't play the games they play, no  
We gon' have to do it right

Hold up, hold up, Dad, let me talk to 'em  
Daddy know it's ready but he found God  
I know I'm broke so all that lead is gon' get drowned out  
Ridin', what they told me, hammer down now  
Feelin' like a king, I want the crown now  
My turn, hold me down
