Tedashii

Yeah  
Yuh  
Okay  
Okay

Call me young T dot, rose from the street block  
H-town, ride slo-mo  
UGK, wanna ride, never thought I'd rhyme, like, "No, no, no" (Next time)  
Dre had a son and he put your boy on, let's go, go, go (Represent)  
Fast-forward, life change, not the same, 'bout to own my own OKT  
I'm about that action, lately I know I been missin' and I been absent  
Battlin' depression on stage can't pass it  
Chasin' out here, label stressin' 'bout an album  
Man, they lost it, these boys lost me  
I'm at home 'bout to lose it (Lose it)  
Numb from the grief and I'm scared of police  
And my fans still talkin' 'bout music  
Lord, please use me  
Yeah, my God never fails  
Walk of fame, yeah I do this  
Devil put me through Hell  
Thank the lord I'm movin' through it, hey  
Yeah, okay  
Okay, okay  
We on deck, mean we next  
Still unashamed, one-one-six  
You better duck

Lifestyle young and unashamed with it  
Change up for the bag, can't bang with it  
Came up from the bottom, ain't changin'  
Still with the same people I came with  
Got the IG poppin' on the low-low  
Got me feelin' like Hendrix with the solo  
Surely caught it all on the GoPro  
Got the tour sold out, no promo

Got the tour sold out, no promo (Huh)

With DJ Official, that's a blessin' (Woo)  
Yeah, run it, I gotta move on, I know that's the lesson  
Yeah, how it was, now it's gone since my boy went to heaven  
Yeah, fight for life or end it all? Manned up  
Yeah, had to go let it go, alright now, like

Yeah, now I really get it  
God gave me reason for my livin'  
I ain't even finished  
Here for your good, that's the mission  
Settin' people free like they trapped in a prison  
Like hangin' tough and movin' underground  
Ain't too young, I'm done with all they trial  
Devil fast and tryna run me down  
You can't fail when God is on your side  
Facts, we gon' get it like that (Yeah)  
Back like I'm back in my bag, yeah (Yeah)  
Track like I'm 'bout to run lap (Yeah)  
Track, I could never do that (Yeah)
