

## Body and Soul

Teddy Geiger

I get what I want  
All I that I want is a piece of your heart  
Your body and soul, body and soul  
Your body and soul, your body and soul  
I get what I want  
Not all that I want  
A piece of your heart  
Your body and soul  
Your body and soul, your body and soul, your body and soul, your body  
and soul  
Your body

My heart no it's never gonna shake, never gonna break, never gonna ge  
t that right, hey  
My heart no it's never gonna shake, never gonna break, never gonna ge  
t that right, hey

I get what I want  
All I that I want is a piece of your heart  
Your body and soul, body and soul  
Your body and soul, your body and soul  
I get what I want  
Not all that I want  
A piece of your heart  
Your body and soul

My heart no it's never gonna shake, never gonna break  
Never gonna get that right, hey

My heart no it's never gonna shake, never gonna break  
Never gonna get that right  
My heart no it's never gonna shake, never gonna break  
Never gonna get that right  
My heart no it's never gonna shake, never gonna break, never gonna

Break, never gonna get that right  
Break, never gonna get that right  
Break, never gonna get that right  
Break, never gonna get that right

My heart no it's never gonna shake, never gonna break  
Never gonna get that right, hey

My heart no it's never gonna shake never gonna break  
Never gonna get that right  
My heart no it's never gonna shake never gonna break  
Never gonna get that right  
My heart no it's never gonna shake never gonna break  
Never gonna get that right, hey
