

Lillyanna

Teddy Geiger

Where does it go?
LillyAnna
Is it in your arms?
LillyAnna, come bury me

Searched Satan's smile
Now the time has got away from me
Where have I gone?
LillyAnna, come take me

When the wind blows
LillyAnna
Is it what I feel?
Tell the stars I'll sing until they see
Crossing every mile
Now the child has got away from me

Where has it gone?
LillyAnna, come take me

Where have I gone?
No it ain't my fault
I am what I am
I am what I am
