

# Please

Teddy Geiger

Three in the morning  
Got an aching in my heart  
But I can't get to bed tonight  
Got you on my mind  
I tried all I could  
Before landing my solution  
To rudely call you up  
And ask you what you're doing

Whoa, please, please be mine  
So I can get some sleep tonight  
Oh, I'm tortured  
Please, please be mine  
Ease my tortured mind  
Meet me in my dreams tonight

Your eyes across the room  
Told a story to my soul  
Starring only me and you  
My hands and feet went cold  
Since that very moment  
My heart's been set on you  
I know how strange this sounds  
But baby I love you

Whoa, please, please be mine  
So I can get some sleep tonight  
Oh, I'm tortured  
Please, please be mine  
Ease my tortured mind  
Meet me in my dreams tonight

Oh, sweet girl  
I know it's late  
But please girl  
Just set me free

Whoa, please, please be mine  
So I can get some sleep tonight  
Oh, I'm tortured  
Please, please be mine  
Ease my tortured mind  
Meet me in my dreams tonight

Whoa, please, please be mine  
So I can get some sleep tonight  
Oh, I'm tortured  
Please, please be mine  
Ease my tortured mind  
Meet me in my dreams tonight
