

Shake It Off

Teddy Geiger

When the sun goes down and the stars grow bright
We can light a fire, we can light up wherever we go
Wherever we go
We could disconnect from the world outside
And turn off our minds, keep our eyes wide
Wherever we go
We go

But when we're letting go, turn on the radio
What are we waiting for? Let's pack our bags and go
We'll leave our fears behind
Come on waste some time
Turn on the radio
Get on your stereo
Just sh-sh-shake it off

We can dream tonight like the very first time
We can drive all night 'til the sunrise
Lay in the sun
In the sun
When I'm dreaming alone on the trains I ride
Or the scenes from a life that's passing by
Like a shore
Wherever we go

But when we're letting go, turn on the radio
What are we waiting for? Let's pack our bags and go
We'll leave our fears behind
Come on waste some time
Turn on the radio
Get on your stereo
Just sh-sh-shake it off

We don't need to get it straight
We need a holiday
Put your hands up, let your worries fade away

But when we're letting go, turn on the radio
What are we waiting for? Let's pack our bags and go
We'll leave our fears behind
Come on waste some time, yeah
Turn on the radio
Get on your stereo
Just sh-sh-shake it off
