

# Loving You Was Good

Teddy Pendergrass

I've never felt this way, searching for words to say, baby  
Woah baby  
Too many times I've lied, too many times I've cried, baby  
Oh baby

I want the world to stop turning, just long enough for a second chance  
I wanna love once more just like it was before  
You're everything to me

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby  
Loving you was good

How could I be so blind, I'm sorry everytime, baby  
Woah baby  
I made a big mistake, I let you slip away baby  
Woah baby

I wanna keep you forever, I wanna love you a thousand times  
I'll never let you go, I want the world to know  
Darling you're all I need

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby  
Loving you was good, loving you was easy

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby  
Loving you was good, loving you was easy

I wanna keep you forever, I wanna love you a thousand times  
I'll never let you go, I want the world to know  
Darling you're all I need

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby  
Loving you was good, loving you was easy

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby  
Loving you was good, loving you was easy

Loving you was good, like flowers to a lady  
Loving you was good, loving you was easy  
Loving you was good, like candy to a baby
