My Dear Mr. Gaye

Teena Marie

Come inside from the rain

Let me make love to you

Until the drops dry on the windowpane

Heart to heart you took my soul

And now my feelings must be revealed

And our love we must unfold

Like all the ladies Loved you My Dear Mr. Gaye All the ladies Loved you My Dear Mr. Gaye

Trouble man now you're home
Let me hear you whisper softly
Secret words to me alone
Free your mind and take my soul
Inside your feelings, sing one for me
For my love it sings for you

Like all the ladies Loved you My Dear Mr. Gaye All the ladies Loved you My Dear Mr. Gaye

Soon you will see a pretty rainbow Shining through the clouds Open up the heavens God has sent an angel And just like rain comes down You will always be around
