

# Burn Your Life Down

Tegan and Sara

**C**  
Tell me that you know another way to get it done.  
**G**  
It's not me, or how I would be,  
**C** **G**  
but it's a different situation, a different situation.

**D** **C** **G**  
You lay awake in the night just staring at the ceiling above.  
**D** **C** **G**  
Pulling pieces of it out, it's such a waste of time.  
**D** **C** **G**  
Keep on fighting to remember that nothing is lost in the end  
**C** **G**  
When you burn, burn, burn your life down.

**C**  
Get me to the the door, out of bed or on to track,  
**G**  
I'm not sure. Starting over,  
**C** **G**  
it's a different situation, a different situation.

**D** **C** **G**  
You wake up in the night and refuse to be afraid of it now.  
**D** **C** **G**  
Unfolding pieces of it faster, don't you waste your time.  
**D**  
**C** **G**  
You've been planning to remember this so nothing will be lost i  
n the end

**C** **G**  
Then you burn, burn, burn your life down.  
**C** **G**  
Then you burn, burn, burn your life down.

**C**  
I drive around the block and I'm not looking to my right.  
**G**  
I feel the glass against my cheek and I can't see you in the li  
ght.  
**C** **G**  
I break my heart around this, break my heart around this.
