

Let the Dog Drive Home

Teitur

We are strangers
Sitting on a wall
Wonderin' how far is the fall
Silent conversation, I hear every word you say
You can't live without the shadow of doubt
It's out of my control
Let the dog drive home

Changes happening so fast
We got to find a way to make this last
Please don't change the subject
I'm still listening to you
Even the leader of the band isn't really in command
It's out of my control
Let the dog drive home

When you don't know where you're going
You know how to get there
And even in your darkest hour there is a voice you hear
Letting go don't mean you don't care
It's out of my control
Let the dog drive home

It's out of my control
Let the dog drive home

It's out of my control
Let the dog drive home
