We shuffled our faces laughin' like fish Really flip flappin' we had not wish You said, "Look! The ceiling is down." You said 5 times with that beautiful frown Adventure I love Adventure Adventure I need a new Adventure now We laugh and we dance where the river once ran Blinkin' our eyes ansdwavin' our hands We jump in the water that never makes sense So full of glee and so full o' suspense Adventure Air couldn't touch us as we lay on the wall... Watchin' a play never playin' at all Movin' through what we could not resist Moved by a hand that was never a fist Adventure
