

Tail Lights

Ten Years After

Rainy morning early light
Not a word to say goodbye
I grab my keys, slam the door and I hit the road

No sense in looking back
Nothing gained by doing that
But I can't help thinking about you
You're everywhere I go

Now I wonder what I'm doing with my life
Yes, I wonder what I'm doing with my life
Stuck here counting all the tail lights
On the highway tonight

Weather man on the radio
Says if you're driving take it slow
But I ain't got no place to go
So I don't really care

Life's a river with no return
No chance to build those bridges burned
I'm sorry that I hurt you
But that's so long ago

Every mile and every turn
Every hurt's a lesson learned
Now I wonder what I'm doing with my life

Stuck counting all the tail lights
Counting all the tail lights
Counting all the tail lights
On the highway tonight

I wonder what I'm doing with my life
Yes I wonder what I'm doing with my life
Stuck counting all the tail lights
Counting all the tail lights
Counting all the tail lights
Counting all the tail lights

And I wonder what I'm doing
Yes I wonder what I'm doing
I wonder what I'm doing
Yes I wonder what I'm doing
And I wonder what I'm doing with my life
On the highway tonight
