

# **We Are Back!**

## **Terminal Choice**

We are ready to attack

It's the year 2010

We are back and we do it again

We are back and we're better than before

Now it's time for Rock 'n Roll war

We are back and we are strong

It's our time, we've been waiting so long

We feel free and we feel alright

If you're against us, prepare to fight

Throw your hands in the air and make some noise

Everybody knows it's Terminal Choice

Throw your hands in the air, we are ready to attack

Everybody knows TC is back

It's the year 2010

We've grown older but we do it again

We are back and we're better than before

Now it's time for Rock 'n Roll war

Show me what you are
