

Let's Go Get Stoned

Terrace Martin

Let's go get stoned
Let's go get stoned
Let's go smoke a little something
Me and you want one

Let's go get stoned
Let's go get stoned
Let me talk to you for one minute

You know my baby
My baby, yeah she comes in the room sometimes
And arguin' and fightin'
Is something I don't like to do
But when the bitch crosses the line

Some say I should have me a drink
When I choose not to drink
I'd rather smoke some things
And walk home and say
Let's go get stoned
See that's the refreshing thing you do
When you don't want to kill somebody

You know life sometimes brings change in your life
Let me talk to you
I tried to stop smoking for a minute and
I found myself on a different kind of maze
I was tripping like a motherfucking
And then I told myself
I said :You ain't shit ,bless you
Smokin' on that good shit
So you know what I did and said
Let's go get stoned

My mind and my body and my soul got back together
So one time I fell down to my knees
So I didn't know where to go
And I said I need a hit
And my girl came through and she said:
