

Givin' up Givin' a Damn

Terri Clark

I got a sweet iced tea in my sippy
Got a two lane twistin' through the hickories
Got some bye bye baby bye bye songs playin'
Like a rock-n-roll angel of mercy's DJin'
Yeah your crazy jaded kinda love I was chasin'
Never looked better in the rearview fadin'

I'm a steerin' wheel finger wavin' Michelin choir
The sky's a little bluer, the sun's a little brighter
Can I get a hallelujah hell to the yeah Amen
For the days that were made for
Givin' up givin' a damn

So baby c'est la viva Las Vegas
It was fun but once you're out of aces
Had to pack my bags and grab the first flight leavin'
Back to lettin' God do the dealin' and the feelin'

Of a steerin' wheel finger wavin' Michelin choir
The sky's a little bluer, the sun's a little brighter
Can I get a hallelujah hell to the yeah Amen
For the days that were made for
Givin' up on givin' a damn

Got some bye bye baby bye bye songs playin'
Like a rock-n-roll angel of mercy's DJin'

Of a steerin' wheel finger wavin' Michelin choir
The sky's a little bluer, the sun's a little brighter
Can I get a hallelujah hell to the yeah Amen
For the days that were made for
Givin' up on givin' a damn

(Bye bye baby bye bye baby)
(Bye bye baby bye bye baby)
I'm givin' up on givin' a damn
(Bye bye baby bye bye baby) Baby
(Bye bye baby bye bye baby)
