

# No Fear

Terri Clark

I want a road stretching out before me  
I want a radio in my ear  
I want a full tank of absolution  
No fear  
I want a rainstorm to pull me over  
Then a sky that begins to clear  
Towards the truest of destinations  
No fear

I used to hit every wall there was  
I used to run away from love  
All I ever wanted was right here  
But I had to reach way down inside  
I had to have faith I'd find  
No fear

I want the world to just keep on turning  
I want the dawn in my rear view mirror  
I want to hear my own voice singing  
No fear  
And when I need two arms around me  
And theres no one near  
When I'm alone let the only sound be  
No fear

I used to hit every wall there was  
I used to run away from love  
All I ever wanted was right here  
But I had to reach way down inside  
I had to have faith I'd find  
No fear

I want peace, Love and Understanding  
A stogie and an ice-cold beer  
Don't want to live afraid of dying  
I used to hit every wall there was  
I used to run away from love  
All I ever wanted was right here  
But I had to reach way down inside  
I used to stay up all night long  
Wondering what I was doing wrong  
All I ever needed was right here  
But I had to reach way down inside  
I had to have faith I'd find  
No fear
