

## Celebrity Hit List

Terrorvision

I gambled with my house, when I lost my car,  
I gambled with my car, trying to win back my wife,  
I lost my family on a sure fire thing,  
Then I lost against the odds when I gambled with my life.  
Now I'm on a list, I'm on a list,  
The celebrity hit list,  
Another target out on the market,  
The celebrity hit list.

I had a decent house, I had a fancy car,  
I need a fancy car to drive my fancy wife,  
I had a family as a sure fire thing,  
I'd won against the odds first prize, a nice life.

Now I'm on a list, I'm on a list,  
The celebrity hit list,  
Another target out on the market,  
The celebrity hit list.

And when I fly, I always fly at least as high as the sky,  
And when I fall, I always fall at least as hard as you all.

Now I'm on a list, I'm on a list,  
The celebrity hit list,  
Another target out on the market,  
The celebrity hit list. (2x)

And when I fly, I always fly at least as high as the sky,  
'Cos when I fly, I always fly...
