

Synthetic Prince

Tesla Boy

I gave a vow
So I am bound to serve the crowd
I am Synthetic Prince
I am to live like this

Here is my breed
Pulsing to the beat
I've got synthetic bliss
Your soul is on the list

I know why you gonna hate me, you gonna hurt me
I know why you gonna kill me, you gonna heal me

You've got no choice
But to dig my noise
I beg your pardon, miss
You'd better dance like this

I am the light
Breathing through the night
I am Synthetic Prince
I'm gonna live like this

I know why you gonna hate me, you gonna hurt me
I know why you gonna kill me, you gonna heal me
