

City of Angels

Testament

Sadist without reason
A pervert for all seasons
The headlines scream, hear them roar

Sanctified by the crimson
By a diabolical drifter
The Night Stalker prowls to hunt you down
Who is this evil slayer?
Death Valley perpetrator
When you say goodnight, beware of the dark

City of Angels
Servant of Satan
Beware of the beast, tonight he calls
Servant of Satan
City of Angels
Beware of the beast when he comes

Los Angeles taunted by America's Most Wanted
This Merciless killer comes to claim his prize
Home invasion terror
And it feels just like forever
1985
He's got you in his sights

Frenzied mutilation
A morbid celebration
Nocturnal hunt for the taste of blood

Frenzied mutilation
A morbid celebration
Nocturnal hunt for the taste of blood

Metropolitan bloodbath
Is the L.A.P.D.'s shame
All the locks and doors are bolted down
A rising death toll
Beware and now behold
The mark of evil is painted red

Frenzied mutilation
A morbid celebration
Nocturnal hunt for the taste of blood
