

# You You You You You

The 6ths

Even though I met you only recently  
I find myself falling in love with you  
I don't know quite how to put this decently  
But what's the chance that you can love me too?

Who who who who who  
Has made my dreams come true?  
And turned my gray sky blue  
Why it's you you you you you

Woo woo woo woo woo  
Like amorous lovebirds do  
Who made my world seem new  
'Tis 'tis you you you you you  
You make me feel like I'm seventeen again  
You make everything beautiful seem true  
I can't wait to go to sleep and dream again  
Cause every dream I dream is a dream of dreamy little you

Who who who who who  
Has made my dreams come true  
And turned my gray sky blue  
Why it's you you you you you

Woo woo woo woo woo  
Like amorous lovebirds do  
You make my world seem new  
'Tis 'tis you you you you you

You make the world go round  
The sun go up and down  
The flowers bloom in may  
The children laugh and play

Shall we choose the day?

Who who who who who  
Has made my dreams come true?  
And turned my gray sky blue  
Why it's you you you you

Woo woo woo woo woo  
Like amorous lovebirds do  
Who made my world seem new  
'Tis 'tis you you you you you
