

## I Saw the Light That Day

The 88

Hold me like that, seems so cool  
I wanna get you all.  
Let me get straight, feels so good  
I had to take it all.

Give him your looks  
Out of books, and  
I heard you sing a song.

And I saw, the light, that day.  
Yes, baby, I saw, the light, that day.

Darling you said, laid in the bed  
I wanna be your friend.  
Let me get close, feels so real.  
I hope it never ends.

I saw you in the hall with the dress oh lord,  
I wanna steal your heart rate,

Yes, and I saw, the light  
I saw, the light,  
I saw, the light, that day.  
Yes, honey, I saw, the light, that day.

She told me how sweet, taking a beating  
But you carry on  
And all of the world, sung from a girl.  
I had it wrong.

Oh, but early in the morn  
With a headband on  
I heard you sing this song

Yes, and I saw, the light, that day  
Honey, I saw, the light  
I saw, the light,  
I saw, the light, that day.  
Yes, and I saw, the light  
Yes, and I saw, the light,  
I saw, the light, that day.  
Oh, honey, I saw  
Yes, and I saw, the light  
I saw, the light, that day.
