

Find Your Way

The Afters

Don't believe, the bridge from you to me
Could somehow ever be washed away.
Don't give in.
Don't start listening to voices
Whispering things I'd never say.

There is nothing you could do to make me turn my back on you.

You're never too lost to know where the road is.
It could be dark, you could be hopeless
But I'll wait 'til you find your way.
You're never too far to be forgotten.
Here in my heart, I hear you calling.
So I'll wait 'til you find your way back home.
'Til you find your way
'Til you find your way home
'Til you find your way
'Til you find your way home

The hardest part is to just sit waiting.
My heart breaking for you.
There's an empty space
Where I save your place
Knowing that someday I'll look at you.

You're never too lost to know where the road is.
It could be dark, you could be hopeless
But I'll wait 'til you find your way.
You're never too far to be forgotten.
Here in my heart, I hear you calling.
So I'll wait 'til you find your way back home.
'Til you find your way
'Til you find your way home
'Til you find your way
'Til you find your way home

With my heart still hoping
And my arms wide open,
I'll never give up this fight.
I know we'll talk like we used to,
And we'll walk like we used to.
It's just a matter of time.

There is nothing you could do to make me turn my back on you.

You're never too lost to know where the road is.
It could be dark, you could be hopeless
But I'll wait 'til you find your way.
You're never too far to be forgotten.
Here in my heart, I hear you calling.
So I'll wait 'til you find your way back home.
'Til you find your way
'Til you find your way home
'Til you find your way
'Til you find your way home
