

Aristocrat

The Answer

Aristocratic lady
Would you tell me how you feel?
Do you think that you're above us?
Do you want us all to kneel?

Aristocratic lady
Will you stay at home today?
If you ever learn how to drive that car
You can take us all away

I'm ready to pay
I am ready
I am ready
Lead me to riches today

Aristocratic lady
You're a jewel in the crown
You're a cover for the season
Would you put the camera down?

You can take your pretty pony
Ride into the night
You know that I would join you honey
But my image isn't right tonight

And I'm ready to pay
I am ready
I am ready
Lead me to riches today

Lead me to riches
Lead me to riches

Aristocratic lady
I love it when you bite
I feel like I've been crowned
An aristocrat tonight

I'm ready to pay
I am ready
I am ready

I am ready
I am ready
Lead me to riches today
