

Caught on the Riverbed

The Answer

Oh Louisian', would you let me go?
Carry me from Tennessee to Idaho
The rivers are flowing, they're moving West
Would you wait for me?

I said 'hey!', so what you doin'?
I've had a whole lot of trouble getting movin'
It's okay, I think we'll make it
We'll catch that train

I think I got caught on the riverbed
And I'm sinkin' in, sinkin' in
I think I got caught on the riverbed, yeah
So drink my sin, drink my sin

I don't want no war, I'm a peaceful man
I'll turn and face the [?] to make a stand
I feel that ocean, Pacific and tall
Washin' over me

I said 'hey!', so what you doin'?
I've had a whole lot of trouble getting movin'
It's okay, I think we'll make it
We'll catch that train

Let me tell ya

Spangled banners, and eagles wings
You'll keep me alive
Shake those chains, if I can still be free
Shake those chains to survive
Woo!

I think I got caught on the riverbed
And I'm sinkin' in, sinkin' in
I think I got caught on the riverbed, yeah
So drink my sin, drink my sin

Ho!

Gotta get away
Gotta get away
From everyone
So give a little love
Give a little love
And I'll be gone

So don't swallow me up
Before I can understand
Your pain and your lust
A whole lot like mine

I think I got caught on the riverbed
And I'm sinkin' in, sinkin' in
I think I got caught on the riverbed, yeah
So drink my sin, drink my sin
