

## Into The Gutter

### The Answer

Sweet little baby don't you talk to much  
Tell me little girl can you feel my touch  
I have had such a time  
Falling for a girl who can't be mine

Don't go  
Into the gutter  
Don't go  
Into the gutter

Lights they gotta go can't be better like this  
Did you even know that the light exists  
You need me and I need you  
Leave a rock alone when it can't be moved

Don't go  
Into the gutter  
Don't go  
Into the gutter

Loosing time  
I can't explain to you my ways

It feels that my time has come to lay it all on the line  
Don't you know that you mean so much to me

Don't go  
Into the gutter  
Don't go  
Into the gutter
