

One More Revival

The Answer

I got smoke ash in my eyes
My fingers are bleeding
My best friend's tellin' lies
She swore I'd be leaving
And now I'm paralyzed
By honey and moonshine love
From above

I tried to walk away
My legs won't forgive me
I'm in trouble if I stay
But don't think I can't see
The smile that's on your face
Oh, we'll be together soon
Me and you, yeah

If you show me the door
I guarantee I'll be blinded

One more revival
Then I'm leaving paradise
I'm drunk and the money's running out
Give me one more revival
We can make it through the night
This world and the devil, they're going to work it out

Got a candour in my heart
In a city when it's burning down
And I know I'm forever apart
I [?] again
And I try to do it right
But there's no one around to notice me
Oh no, no

If you show me the door
You leave me nothing good to fight for

One more revival
Then I'm leaving paradise
I'm drunk and the money's running out
Give me one more revival
We can make it through the night
This world and the devil, they're going to work it out

Celebration! Ho!

One more revival
Then I'm leaving paradise
I'm drunk and the money's running out
Give me one more revival
We can make it through the night
This world and the devil, they're going to work it out

(One more revival)
We're going to work it out
(One more revival)
We're going to work it

(One more revival)
Never knew, never knew
Never knew what it's all about
I tell ya

(One more revival)
We're going to work it out
We're going to work it out

Give me one more revival
One more revival
Give me one more revival
(Then we're leaving paradise)
One more revival
One more revival
(We can make it through the night)
One more revival

(One more revival)
It's all that I need
(One more revival)
Woah!
(One more revival)
Never knew, never knew
Never knew what it's all about
I'd say
One more revival

(One more revival)
Gimme one

Gimme one more, yeah
(One more revival)

Gimme one more, yeah
(One more revival)
